**Declaration of absence acc. to EU-Directive 2011/65/EU for
CENTROPLAST LP(Delivery Programm from 2013)**

Dear Customer,

this is to certify to our best knowledge that we are not using dangerous substances mentioned in the EU directive **2011/65/EU**(RoHS-directive) such as lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB) or polybrominated Diphenylethers (PBDE) as ingredients or additives.

Since the presence of the above mentioned substances cannot reasonably be expected, Centroplast Engineering Plastic Products does not systematically check their absence in its stock shapes by testing.

Please be so kind as to keep in mind that the responsibility for products that are produced from or with our materials and their correspondence with applicable laws is completely up to the customer.

Yours sincerely

Centroplast
Engineering Plastics GmbH

i.A. Rolf Niggemann
